VERDICT WRONG

Judge Criticizes Jury in the Cleary Case

Poughkeepsie, Dec. 20.—Upon his return today from New York City to his home in Poughkeepsie, Supreme Court Justice Joseph Morschauer, who presided at the trial of William V. Cleary for the killing of Eugene Newman, asserted that he was by no means satisfied with the verdict acquitting Cleary.

"I had to accept it and respect it," said Judge Morschauer, "but it did not accord with my views. The jury had the power to render this verdict if they believed some of the testimony of some of the witnesses. There may have been a reasonable doubt as to the degree of crime of the defendant's guilt, but murder is murder, call it by whatever name you will."

London, Monday, Dec. 21.—Field Marshal von Hindenburg's army, which is advancing on Warsaw over a wide front between the Vistula and the Pilica Rivers and which on Friday occupied Lowicz, reached on Saturday the new Russian positions along the Buzra River and southward to Rawa, with the result that another big battle is in progress.

The Russians retired across the Buzra River, destroying the bridges behind them, and two German detachments which followed over a partly burned bridge were attacked and are said to have been annihilated, fifty survivors being taken prisoners.

This is only the beginning of the great battle for Warsaw, from which the Germans are now only thirty

Hindenburg, however, expects stern miles or less. Field Marshall von resistance, which the strongly reinforced Russian Army is certain to offer to his further advance, protected by the Vistula River, which the Germans have been unable to cross.

The Russians are continuing their operations against East Prussia, as if the capital of Poland were not threatened and by counterattacks are attempting to throw off the Austro-German attacks in Galicia.

An Austrian sortie in force from Przemyel, according to the Russian official statement, has entirely failed, and there, as well as at other points, prisoners and guns were taken.
